Dear PDCA Member,

Over the past few weeks, we have all seen an impact within our communities and across the nation due to the potential presence of COVID-19. As this situation evolves, all of us are assessing how to best keep ourselves and those around us healthy and safe.

Our thoughts continue to be with you during this challenging time and we're here to help. Like most Americans, many of our colleagues' lives have been impacted by the important precautions and measures taken to limit the spread of the coronavirus.

To better assist you during this time, we want to remind you that we have tools that will allow you to interact with the staff of PDCA virtually, such as chat, app and our website, as well as, contacting our office by phone.

At its meeting held March 18, 2020, the PDCA Executive Committee took the extraordinary step to cancel the 23rd PDCA Annual Conference that was scheduled to be held May 6 – 9, 2020, in Phoenix, Arizona. Based on current Centers for Disease Control guidelines this measure was taken to help reduce the risk that a participant in the Annual Conference would be exposed to the Coronavirus.
